## Newsletter

Sign up here for [EAHP Newsletter](#) to receive timely news and information about the 24th Congress of the EAHP.

## Short description

Please copy & paste this short description of the 24th Congress of the EAHP to include in your newsletter, website and event calendar:

**24th EAHP Congress 2019: Personalised Hospital Pharmacy - meeting the needs of every patient 27 – 29 March, 2019**

Barcelona, Spain

Venue: The CCIB - Centre de Convencions Internacional de Barcelona

<http://www.eahp.eu/congresses>

The 24th Congress of the EAHP will focus on the need for tailored medication and approach to treatment for different patient groups and individuals. We are building a scientific programme in which the aim is to rediscover the need for tailored medication and approach to treatment for different patient groups and individuals.

The scientific program of the Congress is also tailored to the needs of individual hospital pharmacists and their interest groups as the Congress offers the possibility to choose between many parallel sessions, keynote presentations, workshops and symposia, and plenty of networking opportunities.

The programme will serve as the source of knowledge and inspiration that is needed for our future role and engagement in personalised medication.

This is your opportunity to join experts from around the world in Barcelona to share experience and ideas and to learn from each other and to discuss all aspects of personalised medication under one roof.

Join us for the 24th Congress of the EAHP and enjoy an all-round Barcelona experience!
